Profile

Business operator with 5+ years of experience building and scaling companies across growth and operations. Currently managing BlendByte and leading growth, technology, AI and automation initiatives across Grupo Investe. Track record includes growing ecommerce revenue from €2k to €19k, securing €350k in non-dilutive funding, supporting €1.6m in fundraising and building automations that save 25+ hours/week.

Professional Experience

General Manager | Growth & Digital Transformation

06/2026 – Present | Lisbon, Portugal

BlendByte, Grupo Investe 

- Currently managing BlendByte end to end across team, operations, client delivery and commercial execution; recruited a new team and rebuilt the operating model.
- Built a custom internal operating system for project delivery, content production, commercial pipeline, administration, knowledge management and recurring workflows.
- Led BlendByte's repositioning from traditional marketing agency to marketing + technology partner, defining the value proposition, service offering, brand direction and new website while coordinating visual identity with the design team.
- Partner with Invest2030 on digital acquisition and conversion, including a new lead-generation website, SEO, analytics, GA4, pixels, tracking infrastructure and AI/LLM search visibility.
- Co-designed and helped implement an AI-enabled CRM while owning email marketing and lead-nurturing execution, connecting acquisition, lead management and follow-up.
- Oversee social media operations across Grupo Investe companies, coordinating strategy, planning, production, delivery and quality control through the BlendByte team.

Growth and Digital Operations Lead

01/2025 – 05/2026 | Tilburg, Netherlands

Racefiets013 

- Led end-to-end growth execution across brand, ecommerce, and operations for a second-hand bike retailer averaging 90+ bikes sold monthly.
- Rebuilt and rebranded the Shopify store, helping grow December YoY traffic from 12k to 25k sessions and online revenue from €2k to €19k.
- Implemented an email capture and newsletter system from zero to 267 subscribers in 2 months, with 74% open rate, and 43% average click rate.
- Built automation workflows to streamline processes from sourcing to sale, saving the team 25+ hours/week.
- Built the new brand and Webflow site from zero to launch-ready, including a bike valuation tool.
- Strengthened trust by increasing Google reviews by 25%, reaching 705 five-star reviews during tenure.

Growth and Operations Lead

03/2024 – 12/2024 | Lisbon, Portugal

Umedicu 

- Owned go-to-market, brand and launch execution for a healthcare app, reaching 100+ downloads in the first week.
- Secured €350k in non-dilutive funding across 3 EU grants and coordinated the outsourced product team through launch.

Nordensa [↗](#)

- Co-founded a sports-tech startup and built its early operating model across partnerships, hiring and go-to-market execution.
- Supported €1.6m raised across two pre-seed rounds by building pitch materials and financial model, and contributing to 50+ investor and partner pitches.
- Closed 11 strategic partnerships: 4 clubs, 7 player agents.
- Drove player acquisition outcomes: 5 players signed, 10+ trials arranged.
- Helped scale the team from 2 to 30+, supporting recruitment and onboarding for 15 hires across marketing, sales, scouting, ops, engineering, and legal.
- Built the company's internal operating system, centralizing tracking for players, clubs, agents, brand assets, and team knowledge to reduce information loss and improve handoffs.
- Led monthly investor and stakeholder reports covering progress, hires, partnerships, contracts, and product development milestones.
